EVALUATION	

[] Excellent [] Satisfactory [] Unsatisfactory [] Unacceptable

Excellent: During the monitoring period the contractor has performed without problems and has operated within the terms and conditions of the contract/agreement. Improvements are not needed. The contract should be continued.

Satisfactory: There are few, if any, problems with the contractor. It is generally operating within the terms and conditions of the contract/agreement. Any improvements would be considered minor. The contract should be continued.

<u>Unsatisfactory</u>: Problems with the performance of this contractor have been identified and are not minor. The contractor must improve performance by the next monitoring visit or within such time as established by the contracting officer or chief probation officer. Failure to improve performance within the established time period may result in termination. Contractors whose performance is rated Unsatisfactory will be reviewed by the Probation Division and Contracts Branch. A formal Notice to Cure may be issued.

<u>Unacceptable</u>: There is/are major problems with the performance of the contractor that cannot be remedied. Continuation of the contract will be allowed only until such time as a new service provider can be obtained. Termination of the contract will be made either for the convenience of the Government or for Default.
